Getting one's foot run over isn't supposed to be an all-expense paid ticket to fame, but for Brian Walker, it is. "Walking Man" is a satirical, no-holds barred mock biography of Brian Walker, whose fictional claim to fame is being the publisher of Walking Man, a magazine dedicated to pedestrians. Darkly humorous and thought provoking, "Walking Man" is a must read for those who enjoy their novels with more of an offbeat flavor, and sports an edge that lashes out at society's weak points.
